

Exhibit Your Student Innovation

12TH ANNUAL MEETING
JUNE 25-27, 2023
WASHINGTON, D.C.

NEXT GENERATION INVENTORS SESSION

The Next Generation Inventors Session will spotlight excellence in collegiate research and innovation to solve problems and positively impact society. Selected teams will hold an exhibit to present their innovation and attend the Annual Meeting, from **June 25th-27th, 2023** at the Mayflower Hotel in **Washington, D.C.** Deadline to apply is **April 28th, 2023**.

Networking

The Annual Meeting serves as the premier arena to cultivate partnerships amongst the brightest minds in academic innovation, from across the nation and around the world.

Mentorship

Participants are encouraged to connect with NAI members, renowned inventors across all fields of study, to gain insight into the invention process and how to navigate innovative career paths.

NEXT GENERATION INVENTORS SESSION

Eligibility

- Student team members must be enrolled in undergraduate, graduate or doctoral programs at NAI Member Institutions.
- Students must express interest in the advancement of their innovation through patenting, licensing or commercialization.
- The presented innovation must be relevant to the Annual Meeting theme of Diversifying Innovation for a Strong Economy and a Sustainable Future.

Requirements

- Student team enrollment status and contact information.
- Innovation abstract, including the next step to continue research and development in relation to sustainability.
- Faculty Advisor contact information. Select teams will require a letter of recommendation to endorse the presentation.

The National Academy of Inventors, in partnership with The Florida High Tech Corridor, is proud to provide complimentary admission to the 12th Annual Meeting. Two hours of volunteer support will be required on June 26th, 2023 from 2-4 pm. A complimentary ticket to the Signature Gala will be available to volunteers who wish to attend. For further details, please contact Casey Gorman at cgorman@academyofinventors.org.
