13TH ANNUAL CONFERENCE

JUNE 16TH-18TH | RALEIGH, NORTH CAROLINA

UNLOCKING INNOVATION: KEYS TO SOCIETAL SOLUTIONS

THANK YOU TO OUR HOST

NC STATE
UNIVERSITY

THE NATIONAL ACADEMY OF INVENTORS THIRTEENTH ANNUAL CONFERENCE

A MESSAGE FROM THE DIRECTOR

“Building on the momentum of a highly successful conference in Washington, D.C., we are looking forward to our 2024 Annual Conference being held in Raleigh, North Carolina. Raleigh is not only the capital of North Carolina, but the largest city within the Research Triangle, a hub of innovation that encompasses the Piedmont region of the state. Anchored by the cities of Raleigh, Durham, and Chapel Hill, the Triangle is home to three incredible research universities: NC State, Duke University, and University of North Carolina Chapel Hill. We are pleased to announce that this year’s conference will be hosted by NC State University, a research powerhouse and an NAI Sustaining Member Institution.

The Research Triangle felt like the natural place to hold our 2024 Annual Conference since this region is working toward the very theme of our conference, Unlocking Innovation: Keys to Societal Solutions. What better place to bring together innovators, industry leaders, and policy makers than a part of the country dedicated to inventive research and innovating technologies for the betterment of our society? The work being done in the Triangle cannot be overstated.

The NAI Annual Conference has always been the premiere arena to connect with academic innovators from around the globe and gain insights from esteemed speakers and panelists across a variety of fields and disciplines. As the conference has grown, both in size and scope, it continues to act as a connector between academics, thought leaders, government officials, and industry and non-profit leaders in the innovation space. Do not miss this opportunity to be part of the most important conversations being had regarding how the research and technology development being done today will shape the world of tomorrow. We look forward to seeing you in Raleigh!”

-Jamie Renee, Executive Director of the National Academy of Inventors

SPONSORSHIP

The **THIRTEENTH ANNUAL CONFERENCE** will be held **JUNE 16 - 18, 2024** at the Raleigh Convention Center and Raleigh Marriott City Center in Raleigh, North Carolina. As a sponsor of the Thirteenth Annual Conference, your organization will support academic inventors while forging valuable connections with our unique, interdisciplinary community. This event provides the platform for corporate partners to increase their brand visibility and interact with academic and research institute leaders who are patenting new technologies, creating start-up companies, and managing innovative initiatives.

This is an unparalleled partnership opportunity to connect with industry influencers and decision makers. Join us as we bring together innovative thought leaders from organizations worldwide who are making a tangible impact on our quality of life.

2023 ANNUAL MEETING IMPACT REPORT

DC CONFERENCE A HIT

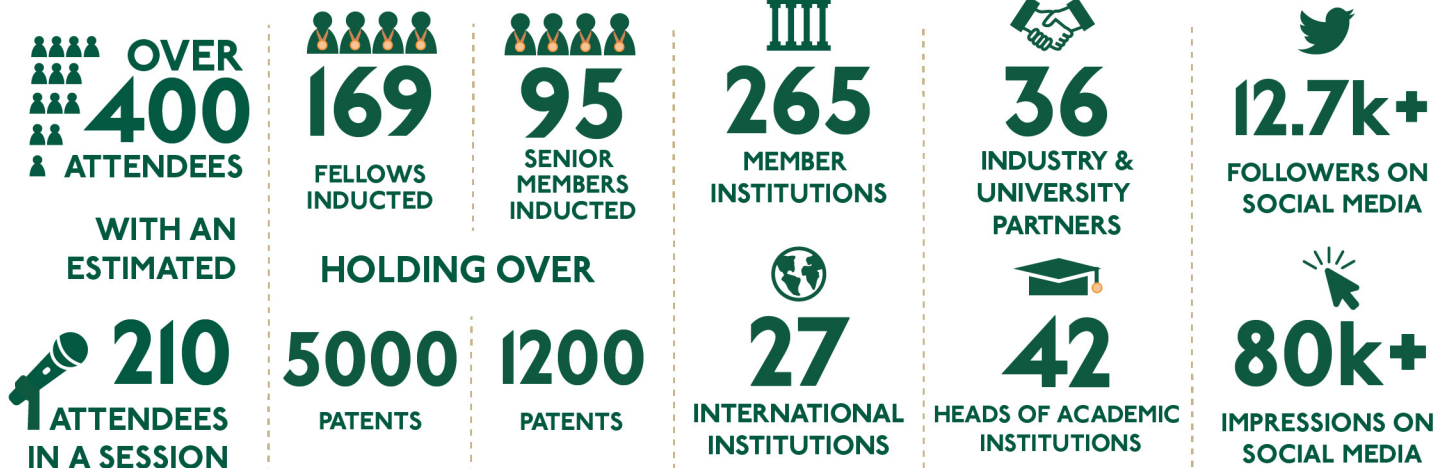

"The success of this year's highly praised conference is a direct reflection of the growth and impact of the National Academy of Inventors. The program was filled with insightful panels and opportunities for attendees to connect with experts in their field, institutional leaders, government liaisons, industry partners, and more. We look forward to next year's conference in the Research Triangle in Raleigh, North Carolina, made possible by our host NC State"

JAMIE RENEE, EXECUTIVE DIRECTOR OF THE NATIONAL ACADEMY OF INVENTORS

PAUL R. SANBERG, FNAI, PRESIDENT AND
FOUNDER OF NAI, DELIVERS THE
STATE OF THE ACADEMY

AT A GLANCE

OUR ATTENDEES SAY

"The NAI annual conference, I think, is a very valuable forum. [R]esearch and technological innovation cannot be done effeciently without bringing all the stakeholders together"

TEIK LIM, FNAI, PRESIDENT, NJIT

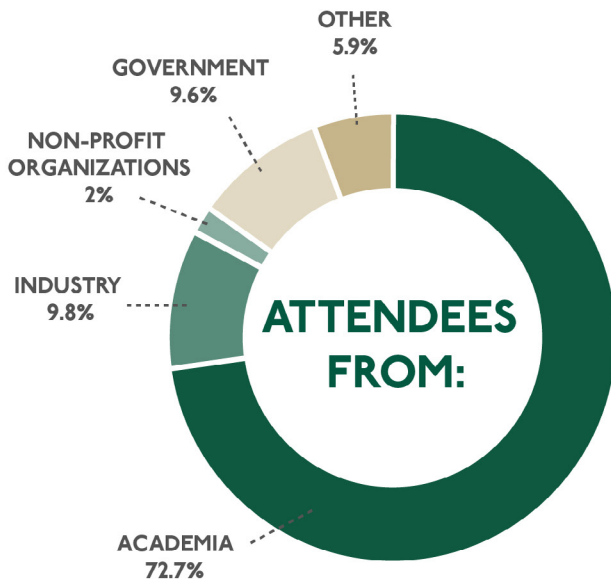

"This was the first time I've taken [my invention] out of my own state and previewed it to other inventors and experts in their feild. I was very happy to get thier insight and advice."

DANNY ALICE, STUDENT SHOWCASE PARTICIPANT, FLORIDA ATLANTIC UNIVERSITY

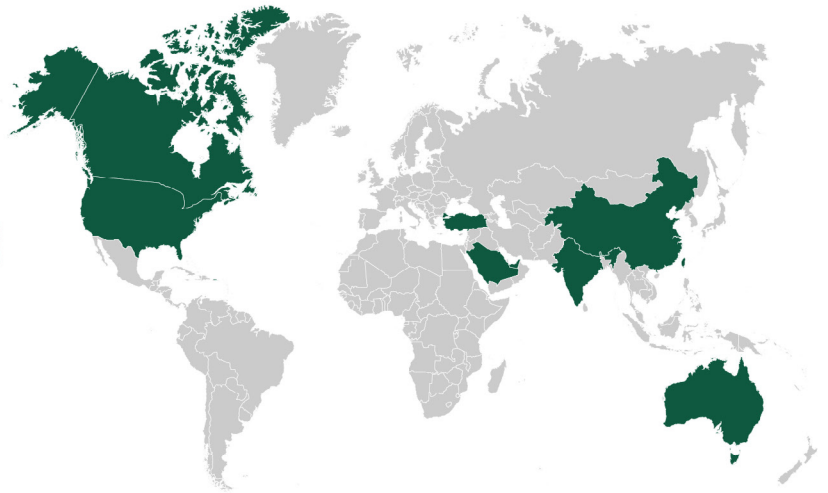

"I have indeed enjoyed every session of the annual meeting. The program was extremely rich and engaging. The organization was superior. Your small, friendly, team is doing an outstanding job and is really unique."

MOHSEN SHERIF, DIRECTOR OF RESEARCH AND SPONSORED PROJECTS, UNITED ARAB EMIRATES UNIVERSITY
